

CLEAR VARNISH

Anti-fogging

Virtually no spraying mist results during use, preventing varnish from settling on the surface.

Fast

The varnish dries in an extremely short time.

Broad range of applications

Adheres to a large number of paint systems, laminated sheets, etc.

Excellent effect

Makes minor surface damage such as scratches, scrapes and abrasion almost invisible.

| Color | Contents in ml | Art. No. | P. Qty. |
|-----------|----------------|-------------------|---------|
| matt | 400 | 0893 188 2 | 1/6 |
| silk matt | 400 | 0893 188 3 | 1/6 |

Applications:

Colorless protective varnish for painting over natural and plastic surfaces, as well as for edgeless spraying within areas.

Use:

Shake can well (at least 2 minutes from point at which the mixing ball can be heard), briefly spray into the air to blow any residual particles out of the lift tube

and the spraying head, then conduct test spraying. Spraying distance during repair work within an area approx. 40 - 50 cm. When coating entire surfaces for the first time, spray the surface evenly with a back-and-forth motion while maintaining a distance of 20 - 30 cm. Turn over can after use and spray until valve is empty.
