

## FOAM GUN

**For foam-intensive cleaning of surfaces and parts**

**Good cleaning performance**

**Highly efficient**

- Efficient use thanks to visible application of the cleaning agent

**Environmentally friendly**

- Low waste water load thanks to economical use of cleaning agent

**Simple handling**

**Quickly ready for use**

Designation	Art. No.	P. Qty.
SP1 Foam Gun	0891 612	1

### Areas of use:

Car, truck, bus, construction machines, agriculture & forestry, car preparation, building cleaning, maintenance systems etc.

### Note:

A constant air pressure of 6-8 bar is required for optimum performance.

Technical Data	
Pneumatic connection	R 1/4"
Weight	460 g
Filling volume	750 ml

### Use:

Removing loose dirt from the surface being treated. Fill the storage container of the foam gun SP1 with cleaning agent according to the manufacturer's mixing instructions. Apply foam to the object, let the cleaning agent soak in (do not let it dry!) and then clean thoroughly with water.
