

OVERVIEW OF FUNCTIONAL MATERIALS

The use of WÜRTH functional materials extends the service life of the engine, optimizes its performance and reduces its fuel consumption.

Diesel Combustion Chamber Cleaner
Art. No. 5861 012 300

Diesel Treatment AR
Art. No. 5861 001 300

LPG Treatment Gas
Art. No. 5861 200 300

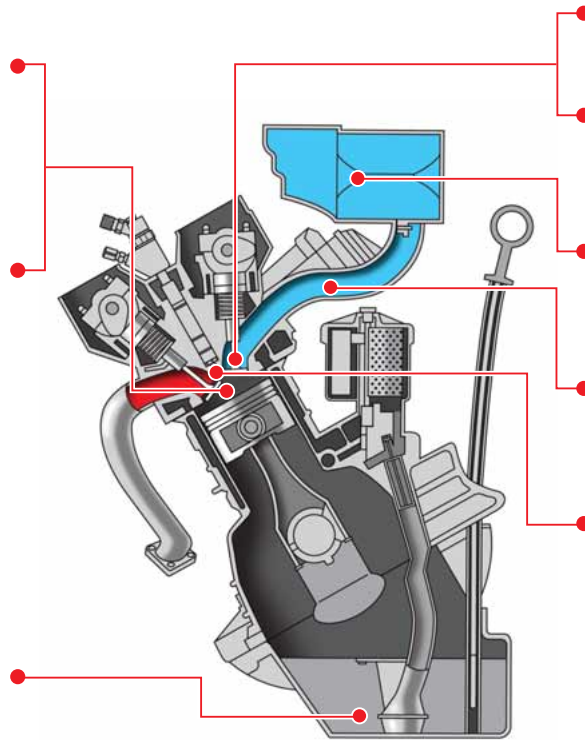

LPG Treatment DOS
Art. No. 5861 201 001

Engine & Flush Cleaner
Art. No. 5861 310 400/001

Engine Oil Treatment
Art. No. 5861 300 300

Oil Smoke Stop
Art. No. 5861 301 300

Oil Leak Stop
Art. No. 5861 311 150

Example shows diesel engine

Diesel System Cleaner
Art. No. 5861 013 300

Petrol System Cleaner
Art. No. 5861 112 300

Air Intake and Throttle Valve Cleaner
Art. No. 5861 113 500

Petrol Injection Cleaner
Art. No. 5861 111 150/300

Diesel Injection Cleaner
Art. No. 5861 011 150/300/001

Radiator Cleaner
Art. No. 5861 510 250/001

Radiator Sealant
Art. No. 5861 501 300

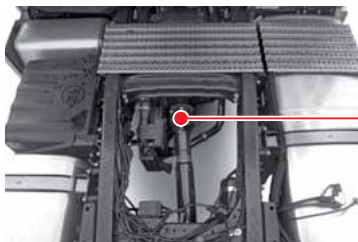

HP Radiator Sealant
Art. No. 5861 500 150

Petrol Treatment
Art. No. 5861 101 150/300

Winter Diesel Treatment
Art. No. 5861 002 150/300/001

Diesel Stabiliser
Art. No. 5861 004 001/005/020

Diesel Particle Filter Cleaner
Art. No. 5861 014 500

Transmission Treatment
Art. No. 5861 400 125

ATF Treatment
Art. No. 5861 401 150

ATF Rinse
Art. No. 5861 410 150
