

## Rubber Care Stick

**Silicone-free care for rubber seals. Prevents door rubbers freezing in winter.**

Contents ml	Art. No.	P. Qty.
75	<b>0893 012 8</b>	24

### Features

- Silicone-free.
- Resistant to splash and salt water.
- Biologically degradable.
- Resistant to diluted acids and alkaline.
- Water repellent.

### Effect

Keeps rubber seals on door, boot lids, and bonnets in good condition and prevents freezing in winter.

### Result

The resilience of all rubber parts is maintained, increasing service life and preventing cracking. Freezing and drying in winter are effectively prevented. Eliminates squealing and creaking, noises caused by dry rubber.

### Application

Apply Rubber Care Stick in a thin layer to the rubber seal by means of the sponge attached to the bottle.

## Rubber Care

- Keeps rubber parts supple.
- Protects against adhesion of rubber due to age and heat of rubber seals on doors, bonnets and boots.
- Freshens up colour.
- Will not damage paint or chrome parts.
- Suitable for car tyres, rubber mats, pedals, rubber parts of bumpers.
- Silicone free.
