

## ANTI-SLIP TAPE

**High-quality and long lasting anti-slip tape to reduce the risk of slips, trips and falls in and around the workplace.**

- Coarse finish ensures maximum grip - even in heavy traffic and wet or greasy conditions.
- Easy to use - simply clean surface, cut to size, peel off backing and press firmly to apply.
- Strong and very durable with excellent adhesion to most surfaces.
- Can be used throughout all areas of your facility including stairs, ramps, doorways, pathways, vehicles and many more.
- Complies to AS/NZS 4586:2013 for slip resistance - rated to P5 (very low risk of slippage).

Colour	Length	Width	Art. No.	Pack Qty.
Black	20 m	50 mm	<b>0894 320 005</b>	1/36
Yellow			<b>0894 320 009</b>	

### Applications:

Most smooth surfaces with heavy footfalls and vehicle traffic, such as trucks, buses, loading surfaces, passageways, production and storage rooms, public buildings, ramps, stairs, ladders, steps on machinery, construction vehicles, cranes, etc.

### Instructions:

1. Clean the surface, ensuring that it is dry and free of dust, oil, grease, etc.
2. Lay a strip of non-slip tape, cut to the desired length, in the required position.
3. Pull off the tape backing and gradually lay the tape onto the surface.
4. Press firmly by using a roller, starting in the centre and working towards the ends.
5. If required, apply additional strips of tape in the same way, being sure to leave a small gap between adjoining strips.
