

## PUMP SPRAY BOTTLE PERFECT FOAM

### Ideal for applying cleaning foam for vehicle and commercial car cleaning.

- The pump spray bottle transforms a cleaning agent into an effective foam, which effectively dissolves and easily removes dirt, insects and tough road grime.
- 3 foam inserts ensure different consistency and variable levels of foaming – from viscous to thin liquid.
- Depending on the setting, the foam sticks to the surface for longer and the cleaning agent has a more intensive effect. Less mechanical cleaning effort required.
- Ideal for alkaline cleaners.

Material	PP - Polypropylene
Colour	Blue, Black
Diameter	135 mm
Height	350 mm
Contents	1.5 L

<b>Art. No.</b>	<b>0891 503 021</b>
