

# Set of Fixing Clamps

Art. No. 0965 744 17

**For quick and easy fixing of sheet metal for welding or bonding.**

- Quick fastening and loosening of clamps.  
→ Enormous time savings in comparison to impact or screw clamps.
- Most economical alternative to conventional vise-grip pliers.  
→ Lowest purchasing cost.
- Large clamping range in comparison to clamp size.  
→ Owing to their small size (corresponding to a door seal), gap dimensions can be set without effort.
- No cumbersome loosening or opening of clamps.  
→ Readjustment of sheet metal possible at any time without problem.
- The special angled shape of the pliers allows universal use of the clamps.  
→ Use clamps in tight spaces, such as trunk edges, hatchback, door columns, triangular windows, etc.

## Contents

Description and contents of set	Sheet metal thickness x mm	Art. No.	Pack Qty.
8 fixing clamps	0 – 2.5	<b>0713 744 025</b>	5
8 fixing clamps	2.5 – 5	<b>0713 744 050</b>	5
1 pliers for fixing clamps	0 – 2.5	<b>0713 744 01</b>	1

## Instructions for use

1. Insert the fixing clamp into the special pliers and open the clamp.

2. Slide the clamp over the sheet metal edges to be joined and release the pliers.

3. The powerful force of the fixing clamp keeps the clamped sheet metal in place. To remove the fixing clamp, slide the pliers over it and open the clamp.
