

Brake and chain cleaner Bike Line

Cleans brake components and drive chains

Cleans brake components

- Can be used on brake discs, drums and calipers to remove brake dust, oil and dirt
- Fully evaporates leaving a dry surface

Cleans drive chains

- An essential product to be used before lubricating the chain to prevent dirt from penetrating the links
- Extends the service life of the chain

Instructions

Spray directly onto the components to be cleaned, then wipe with a cloth

The usage instructions are recommendations based on our own experience. We recommend carrying out your own test before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our contractually agreed service or the advisor was acting deliberately. We guarantee consistent quality of our products. We reserve the right to make technical changes and further develop products.

Hazardous, follow the precautions for use.
