

Drilling and cutting foam CUT+COOL

Highly active, high-performance cutting foam for all machining work.

- Well-adhering cutting oil foam
- Does not drip from the area to be lubricated, therefore also suitable for overhead work
- Can be washed off with clean water, therefore no degreasing work with cleaners is necessary
- Excellent cooling effect and strong adhesive properties
- Low consumption, can therefore be used as minimum quantity lubricant
- Strong performance thanks to high cutting speeds with low tool wear

Contents	400 ml
Container	Aerosol can
Colour	Yellowish
Chemical basis	Glycol and polyglycol ether, additives
Shelf life from production	24 Month

Art. no. 0893 050 007

P. Qty.: 1 / 6

Details/Application

High-performance glycol ether-based cutting oil foam. Enables economical machining with minimal tool wear.

Instructions

Spray the lubrication point briefly - repeat if necessary. To clean, rinse off product residues with clean water

Notice

Free from sulphur, mineral oil, heavy metals and resin as well as no volatile hydrocarbons. Free from substances that impair wetting of paint.

The usage instructions are recommendations based on the tests we have conducted and our experience; carry out your own tests before each application.
