

Battery Li-ion 18 V BASIC M-CUBE

Compact, powerful and long-lasting 18-volt Li-ion battery for professional and universal use with the new Würth cordless tools

Tight fit and optimal heat removal

Integrated, robust cell frame encloses the cells and thus protects the battery from overheating and vibrations.

Long service life and optimum utilisation of output

Intelligent battery management with continuous individual cell monitoring

Protection of the battery and the workpieces

The robust housing with soft components protects the battery against damage from falls and minimises the risk of scratches on delicate surfaces.

Continuous monitoring of the remaining battery capacity

LED charge status indicator

2 Years WÜRTH MASTERPLUS Warranty for wear damage and replacement of batteries and chargers

The current WÜRTH MASTERPLUS warranty conditions must be observed.

Nominal voltage	18 V/DC
